

Developing Southeast Michigan's Next

COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY (CEDS)

We want to hear from YOU! SEMCOG is seeking your input as we develop Southeast Michigan's next Comprehensive Economic Development Strategy (CEDS). Please join us at three interactive planning forums focused on Place, Talent, and Business. During the forums, attendees will be asked to provide input and share ideas on a range of strategies that are important for creating great places; developing, attracting, and retaining talent; and growing businesses and jobs. Please share this information with others who may be interested in participating.

All three forums will be held at SEMCOG's office, 1001 Woodward Avenue, Suite 1400, in Detroit.
