**Southeast Michigan Council of Governments (SEMCOG)  
Draft Fiscal Year (FY) 2026 - 2029 Transportation Improvement Program (TIP) Project List**

These seven core policies, found on page 2 of the Vision 2050 RTP, have been designed to create a safe, equitable, and resilient transportation system:

1. **Preserve** - Use asset management practices, technology, and cost-effective transportation solutions to preserve infrastructure.
2. **Safety** - Increase safety for all travelers, especially for the most vulnerable road users.
3. **Equity** - Ensure equitable access regardless of age, race, gender, ethnicity, national origin, physical or cognitive ability, or income.
4. **Shared Prosperity** - Promote a thriving regional economy by facilitating seamless movement of goods, efficient trade connections, enhancing labor mobility, and fostering tourism and local placemaking.
5. **Resilience** - Integrate infrastructure coordination, equitable stormwater management, and comprehensive resiliency planning into the transportation system to achieve greater public health and environmental benefits.
6. **Education** - Educate and foster collaboration among local governments, transportation agencies, utility providers, and residents to enhance knowledge about and efficiency of the transportation system.
7. **Funding** - Increase funding and broaden local options to ensure adequate resources and coordination for meeting regional transportation needs to achieve fiscal sustainability.

**Phase Abbreviations:**

CON = Construction  
EPE = Early Preliminary Engineering  
PE = Preliminary Engineering  
ROW = Right of Way  
UTL = Utility

**Fund Source Abbreviations:**
