

## Rectangular Rapid Flashing Beacon (RRFB)

When driving, yield to people in crosswalks, especially when lights are flashing.

When walking or rolling, push a button to activate the signal and wait for a safe gap before crossing.

## Bike lanes

These lanes are intended for people riding bikes, e-bikes, and scooters. Drivers can only enter this space when bike lane lines are dashed.

## Shared-lane markings (sharrows)

Bicyclists and drivers can use this space. While all roads – unless otherwise posted – are usable by motor vehicles and bicycles, shared-lane markings are often found in places with increased bicycling activity.

### When walking ...

- Cross within a crosswalk when possible.
- Yield the right-of-way to motorists and bicyclists when crossing outside of a crosswalk.
- Allow ample time for a vehicle to yield prior to entering the street.
- Only enter the street during the “WALK” symbol when crossing at a signal.

### When biking ...

- Obey the same traffic signs, signals, and laws as a motorist.
- Signal when stopping or turning.
- Use a white front headlight and a red rear reflector or light at night.
- Yield the right-of-way to pedestrians on sidewalks, paths, trails, or in crosswalks.

### When driving ...

- Yield the right-of-way to pedestrians and bicyclists crossing the road.
- Yield the right-of-way to pedestrians and bicyclists when turning.
- Share the road with bicyclists; they are legally allowed to ride on all roads.
- Leave at least 3 feet when passing bicyclists.
- Use hands-free technology if you must use a device; manual use beyond a single touch is prohibited.

## Safety is Everyone's Responsibility

## Walking safety tips

- Look left-right-left before crossing a street and watch for turning vehicles.
- Cross streets at marked crosswalks or intersections.
- Obey all traffic signs and signals.
- Walk on the sidewalk; if there is no sidewalk, walk facing traffic.
- Make sure drivers see you. Wait for them to stop and make eye contact before crossing a street.
- Wear bright and reflective clothing when walking after dark and in bad weather.
- Stay alert when walking and avoid distractions, including talking or texting on your phone or listening to headphones.
- Be predictable and keep to one side of the trail to allow bicyclists to pass.

## Biking safety tips

- Obey all traffic signs and signals.
- Ride with traffic, not against it, including on sidewalks and paths.
- Watch for turning vehicles at intersections and driveways.
- Use hand signals when you plan to turn, slow down, or stop.
- Wear a properly fitted helmet.
- Yield to pedestrians on paved trails. Slow down on crowded trails.
- Use a white headlight, a red rear light, and bright and reflective clothing when it is dark outside.
- Stay alert when biking and avoid distractions, including talking or texting on your phone or listening to headphones.

## Driving safety tips

- Watch for people who are walking and biking.
- Yield to people walking and biking when turning.
- Stop or yield to people within all crosswalks.
- Leave at least 3 feet when passing bicyclists.
- Obey the posted speed limit.
- Do not block or park in crosswalks and bike lanes.
- Do not pass a vehicle that is stopped for pedestrians.
- Stay alert when driving and avoid distractions, like talking or texting on your phone or listening to headphones.
- Do not drive after consuming alcohol or drugs.

### Follow pedestrian signals

#### Start crossing

You may begin to cross the street.

#### Don't start

Do not enter the street. If you have already begun to cross continue to the other side. The counter at the bottom tells you the time remaining to finish crossing.

STEADY

#### Don't cross

Do not enter the street.

### Use hand signals
