
Membership Dues Schedule (2026)

Counties

SEMCOG dues return to being assessed using a two-tier structure. In the first tier, counties are assessed dues on the basis of .00128% of 95% of their Taxable Value. In addition, no individual county will pay more than 25% of the total dues assessed. Units of government in the second tier of member cities, villages, townships, and education are assessed dues based on population or enrollment. An estimate of dues collected within a given county from cities, villages, townships, and education for the prior year is used to calculate a rebate or a reduction to the net current year dues to that member county. A reduction in dues up to 50%, not to exceed the amount paid for membership in another council of governments, is available.

Local Units

The 2024 schedule will be effective as of January 1, 2026 and is equal to the 2024 adopted dues plus or minus the consumer price index (Detroit-Ann Arbor-Flint urbanized area, October 2023-2024) of 3.3%. A reduction in dues up to 50%, not to exceed the amount paid for membership in another council of governments, is available.
