

SEMCOG | SOUTHEAST MICHIGAN COUNCIL OF GOVERNMENTS

High Resolution Aerial Imagery

FOR SOUTHEAST MICHIGAN

Interested in the newest high-resolution aerial imagery for your community? Contact SEMCOG!

SEMCOG is working with **Nearmap** to provide 2026 high-resolution regional imagery. This aerial imagery has many uses for your community!

- **Transportation:** Track assets; improve project planning and oversight; drive informed decisions, integrate into GIS/CAD platforms.
- **Public Works:** Perform desktop assessment (street maintenance, asset management).
- **Public Safety:** Improve situational awareness plan and prepare in confidence.
- **Property Assessment:** Perform desktop reviews. (Assessors gain complete parcel awareness with seasonal updates, including leaf-on & leaf-off imagery.
- **Environmental Planning:** Make site selection, site design, and stormwater management decisions more efficient.
- Support community engagement and facilitation.
- Enhance planning for complete streets and corridors.
- Support evaluation of feasibility for development.

Check out the map to see if we have updated imagery for your community.

As a SEMCOG Member, you have access to:

Offline copy of the 6-inch pixel resolution at no charge

One-time discount on annual subscription of 15%*

*Included in Nearmap subscription: Access to the latest sub-3-inch pixel resolution imagery via Nearmap's web-based platform and/or integration into 3rd party applications (including ESRI and others).

To acquire a copy of the 6-inch pixel resolution imagery, contact Bill Schlatter at SEMCOG
schlatter@semcog.org

For information about a Nearmap subscription, contact Marisa Lindquist
