EGLE: Breanna Bukowski
EPA: Michael Leslie
WATS: Nick Sapkiewicz, Ryan Buck
SCCOTS: Peter Klomparens, Kara Schrader
SEMCOG: Steve Brudzinski, Ally Racisz, Chris Williams, Madison Penque, Jilan Chen

On October 14th, 2026, the Michigan Transportation Conformity Interagency Workgroup (MITC-IAWG) conducted a virtual Teams call to review the proposed Amendment 26:5 (Full) project list for SEMCOG's Fiscal Year (FY) 2026-2029 Transportation Improvement Program (FY 26-29 TIP) and the 2050 Regional Transportation Plan (2050 RTP). The purpose of the call was to determine whether the projects being amended to the FY 26-29 TIP would trigger the need for a new transportation conformity analysis and, if so, which need to be included in that analysis.

This meeting oversaw one project list in total for the TIP amendments. Due to the brief amendment list and no further clarity needed for any of the projects, there was no further discussion held.

Due to no projects given "Non-Exempt" status, **a new conformity analysis will not be needed for SEMCOG's TIP/RTP Amendment 26:5 (Full)**.

The meeting was adjourned.
